Commonly, "cousin" refers to a "first cousin", people whose most recent common ancestor is a grandparent. A first cousin used to be known as a cousin-german, though this term is rarely used today.. More generally, cousin is a type of familial relationship in which people with a known common ancestor are both two or more generations away from their most recent common ancestor.

Agape (Ancient Greek ἀγάπη, agapē) is a Greco-Christian term referring to love, "the highest form of love, charity" and "the love of God for man and of man for God". The word is not to be confused with philia, brotherly love, or philautia, self-love, as it embraces a universal, unconditional love that

transcends and persists regardless of circumstance.

Windham, IIRC, is essentially what was Bushmaster, before they were bought out. As such, unless they've drastically changed the way they do buisness, which I really doubt, they're essentially the same as BM used to be. I would save a few more pennies, and get the Colt. BM's can be good guns, but ...

How would you rank the popularity of a programming language? People often discuss which languages are the best, or which are on the rise, but how do we actually measure that?. One way to do so is to count the number of projects using each language, and rank those with the most projects as being the most popular.
