Well, you can iterate manually (with for) over all \*.ss files and throw find /c at them, parse its output and format it yourself. And well, most of the time it's pretty obvious what a program accepts as pipeline input since that path is usually used for large amounts of data which are otherwise read from a file.

In 3" pvc sewer piping What is the difference between the white and the black? Can you mix the two in the same sewer run? My house is 30 or so years old, I have both white and black in the same run (white horizontal and black vertical) it was that way from the day I bought it some 8 years ago - but I thought I heard some time back that you can't mix the two?

In linguistics, wh-movement (also known as wh-fronting, wh-extraction, wh-raising) concerns rules of syntax involving the placement of interrogative words. In plain terms, it refers to an asymmetry between the syntactical arrangement of words or morphemes in a question and the form of answers to that question; specifically, the placement of the question word.

### **Wh-movement - Wikipedia**

voir la version française. This website is intended to facilitate use of the standard EN 13480 by providing, at European level, an accelerated process to give official answers to questions or modification requests regarding the application of this Standard.

Anonymous: I had a question, not a lot of shops sell marvel specific cabochons but I know there's a lot of metal pins and charms (mostly metal) that would look cute on a case. How well would they stay if I used something metal instead of resin (or other) flat backs?? Silicone actually sticks pretty well to metal in my experience so I think you would be fine. It would just make whatever you ...
