A user whom we will call Paris Hilton was using Office2003. She never had any issues with viewing free/busy information for anyone. Then she is upgraded to Office2010 along with the rest of her office. But Paris can no longer see free/busy information for some of her peers. Everyone has the same default permissions in their calendar settings.

Finally, I found the answer for my problem with Free/Busy Scheduling in Outlook 2010 Calendar. I have been looking everywhere that I know about in Exchange 2010. It is something to do my Proxy Server and the Exchange Update that reset couple of my settings. For the Proxy Server issue, I have reapplied the Group Policy to all users.

This article contains information about how to troubleshoot issues that prevent a user from viewing free/busy information of other users in Microsoft Office Outlook 2007 and in Microsoft Outlook 2010 in Microsoft Office 365. A user may be unable to view free/busy information in scenarios such as these:

### **How to troubleshoot issues that prevent a user from ...**

We're using Outlook 2010 with Exchange 2010. If I create a new appointment using Outlook 2010 and add 2 users as attendees, I can see one of the user's Free/Busy schedule, but not the other user's. Instead their entire schedule is hashed out and if I place my cursor over it, I get a message that says "No Free/Busy information could be retrieved."

I just installed normal MS updates today, rebooted, and now Outlook 2010 (and only Outlook) seems to be displaying in a lower screen resolution than everything else. My screen resolution is the max (and recommended) 1600 x 900. Changing the Outlook 2010 color screen does nothing.

**Only Outlook displays in lower screen resolution ...**

We are able to share Free/Busy both directions with no problems (with 1 exception). I have one user running Outlook 2010 SP2 with latest patches who is unable to see Free/Busy in the remote mail domain. She can see Free/Busy with no problems in the local domain. Others in the local domain can see Free/Busy on her calendar.
