(2003-07-26) 0 Zero is a number like any other, only more so... Zero is probably the most misunderstood number. Even the imaginary number  $i$  is probably better understood, (because it's usually introduced only to comparatively sophisticated audiences). It took humanity thousands of years to realize what a great mathematical simplification it was to have an ordinary number used to indicate ...

Lydia. If the Lydians were the first to strike coins, why them, an interesting people but a people not particularly celebrated in history, a people assimilated long ago? [32] This is another question, like many involving ancient coins for which there's a scarcity of hard evidence, that requires you to resort to deduction to answer. The result may not be conclusive, but it can be persuasive ...
