The Problem: Developmental Math 4 60% of community college students 60% of CC students taking the placement exam need at least 1 remedial course. Sinclair 80% 3-5 additional courses The remedial college math path can be 3-5 courses Sinclair 5 courses > More students drop out between courses than from an actual class 1 remedial math

An Exciting Mathematical Reasoning Course Quantway

In math, you often have to show you can complete a problem, not just remember facts or choose the right answer. Every math student has had the experience of looking at work they have previously completed or examples done in the book and thinking, "I know how to do that," only to get home or into a test and not be able to do a similar problem.

An essential component of what I'd consider problem-solving skills involves collaborating and using research to answer tough questions and determine where to get help. That is how students solve problems in my Quantway classes. They communicate closely, working in groups, and form bonds with one another every day.

Why higher ed needs new approaches to teaching math ...

EngageNY curriculum materials were created in association with our various partners and are unique to the EngageNY website. Math answers are offered in two different ways on EngageNY: For Math Grades K-5, answer keys are available within the "Full-Module" PDFs, which are accessible from the module landing pages.

Where are answer keys located? - EngageNY
