BEST ANSWER: Not sure what you mean by "everything?" The "plan" you receive has a bill of materials, cutting layout (what pieces are cut from which boards), dimensions of pieces (to include angles of cuts; most are 90 degree with a few being 15 degree as well as several that have 15 degree bevel cuts), a few photos, and instructions for cutting, "machining," and assembly of parts.

Here's to my 4 Week Fast! It's been an official 4 weeks since I began my fast, so here's a little transformation for ya! The first picture on the right was taken over the summer when I was obsessed with working out (I was still super chubby though), the middle pic was taken the first week of my fast , and the last photo on the left was taken this morning in the crappy school bathroom!

on the far right in the first pic | Tumblr

Here's a screenshot of the crosstab for the solid and dashed lines version: I'll leave the details to your own exploration, and only add a couple of notes: Tableau's densification operations like table calculation domain padding can do some pretty amazing things, but something that they don't do give us access to the dimensions that are used in creating the padding.
