BNamericas is the business intelligence tool for Latin America with data, news, analysis and events to identify job opportunities, projects, companies and contacts

BNamericas - Latin America's Business News, Information ...

A weed is a plant considered undesirable in a particular situation, "a plant in the wrong place". Examples commonly are plants unwanted in human-controlled settings, such as farm fields, gardens, lawns, and parks. Taxonomically, the term "weed" has no botanical significance, because a plant that is a weed in one context is not a weed when growing in a situation where it is in fact wanted, and ...
