Penn State Harrisburg ALEKS Math Placement Test Prep

It is a placement test, so you can't fail it. It is strictly to put them in a math class. I think my D only needed a 38% or something like that on the ALEKS to get into Math 021...which she is in right now at a PSU branch campus. What's really strange is that they are making her take this test AGAIN in order to register for fall.

ALEKS Math Assessment: Thoughts, Questions, Concerns ...

There are three test areas: math, reading, and English. Math. Every major requires one or more math courses. The math placement test series is designed to place you into the highest math placement your skill level will allow. Math test details. There are three parts of the math test.

Placement Testing | Pennsylvania College of Technology

The placement test is under the Student Services menu. The assessment consists of 25 to 30 questions, and average completion time is about 90 minutes. You will have 48 hours to complete the assessment; if not completed at this time, that assessment will become unavailable, and ALEKS will provide a new assessment.

Mathematics and Statistics Placement in ALEKS - pdx.edu

The Math placement test started out easy for me, but towards the end, it became very difficult for me because of the Trig and Calc questions. I've taken neither of these courses in high school, so it was pretty much the equivalent of reading a foreign language, and I guessed on those last few questions.

Placement Test Fears — College Confidential

First year students who wish to take Math at Penn and have credit for Math 104 should still take the Canvas Math Diagnostic Placement Exam. 2. Passing the Credit by Exam administered in the first week of the fall and spring semesters by the Mathematics department.
