One characteristic of the relatively new term "population health" is that its definition varies depending on whom you ask. MHA@GW, the online master of health administration program from the Milken Institute School of Public Health at the George Washington University, surveyed over 100 healthcare leaders, asking them to define population health. They received a variety of responses from health ...

The city of Detroit, in the U.S. state of Michigan, has gone through a major economic and demographic decline in recent decades. The population of the city has fallen from a high of 1,850,000 in 1950 to 677,116 in 2015, kicking it off the top 20 of US cities by population for the first time since 1850. However, the city has a combined statistical area of 5,318,744 people, which currently ranks ...
