Hello! I'm a biology and chemistry teacher of 31 years, wife, mom, science nerd, nature lover, adventurer, and TpT seller. I just love getting kids hooked on science!

Amy Brown Science: Freebies

Credits: 1. Prerequisite: Middle school biology and chemistry. Recommended: 9th or 10th Test Prep: CLEP Biology This course covers the basic material for this exam, but this is considered a very hard test, and I would suspect more will need to be studied to learn everything required for this huge exam. It's worth the same as two college courses which is why it covers so much.

Biology with Lab - Easy Peasy All-in-One High School

Prerequisite: None Hours: 162 hours LAB Description: Independent Study is an opportunity for the

student to extend classroom experience in this subject, while working independently of a formal classroom situation. Independent study is an extension of work offered in a specific class in the college catalog. To be eligible for independent study, students must have completed the basic regular ...
