The Industrial Revolution, now also known as the First Industrial Revolution, was the transition to new manufacturing processes in Europe and the US, in the period from about 1760 to sometime between 1820 and 1840. This transition included going from hand production methods to machines, new chemical manufacturing and iron production processes, the increasing use of steam power and water power ...

You'd probably be surprised if you were put into a job that circumstantially required you to read French. Long story short, service tickets from French speaking callers would be done up in French, but if the callers pressed for English and still had issues with said ticket, you would have to translate the ticket notes; turns out my elementary and Grade 9 French classes did well enough that I ...
