Prioritizing project work for your team can be an exercise in hair-pulling frustration. You have to account for the work initiating from within the team itself, and you have to weigh that against requests coming in from other teams who rely on you. As a company organized into networks of cross-functional teams – many of whom have both internal and external customers – we've spent our ...

5 project prioritization lessons we learned the hard way

Project-based learning (PBL) is a student-centered pedagogy that involves a dynamic classroom approach in which it is believed that students acquire a deeper knowledge through active exploration of real-world challenges and problems. Students learn about a subject by working for an extended period of time to investigate and respond to a complex question, challenge, or problem.
