Definition of Couplet. A couplet is a successive pair of lines in a poem. The pair of lines that comprise a couplet generally rhyme with each other and contain the same meter. Couplets are either closed, which is to say that both lines are end-stopped, or open, which is to say that there is enjambment involved and the meaning of the line runs on past the end of the line.

Many students have difficulties identifying main ideas in nonfiction texts. In order to understand and express the main idea of a passage, the reader must not only comprehend the text but also make connections within the content and find overarching ideas. To further complicate the process, the reader may also have to recognize and disregard nonessential information.
