Chemometrics is the science of extracting information from chemical systems by data-driven means. Chemometrics is inherently interdisciplinary, using methods frequently employed in core data-analytic disciplines such as multivariate statistics, applied mathematics, and computer science, in order to address problems in chemistry, biochemistry, medicine, biology and chemical engineering.

Box and Cox (1964) developed the transformation. Estimation of any Box-Cox parameters is by maximum likelihood. Box and Cox (1964) offered an example in which the data had the form of survival times but the underlying biological structure was of hazard rates, and the transformation identified this.

Corporate governance is the collection of mechanisms, processes and relations by which corporations are controlled and operated. Governance structures and principles identify the distribution of rights and responsibilities among different participants in the corporation (such as the board of directors, managers, shareholders, creditors, auditors, regulators, and other stakeholders) and include ...

Corporate governance - Wikipedia

The Standards. Published in Science in 2015 (), the Transparency and Openness Promotion guidelines include eight modular standards, each with three levels of increasing stringency. Journals select which of the eight transparency standards they wish to implement and select a level of implementation for each.

ECONOMICS CHAPTER 1- INTRODUCTION TO ECONOMICS Assumed 3 decision makers- consumers (households) – that sell land, labour, capital & entrepreneurship and firms- that pay rent, wages, interest and profits (rewards for above factors of production) firms then use the factors to produce G/S in return for payment from consumer.

Economics Essays and Research Papers | StudyMode.com

Admittedly a prosaic concept, research impact can be roughly divided into academic and non-academic dimensions. Academic research impact is often (over)simplified to mere citations—an impactful article is well cited and utilized by others, with citation counts being offered by Google Scholar, Scopus, or ISI Web of Science.

Promoting novelty, rigor, and style in energy social ...

As far as subject categories are concerned, most of the articles have appeared in journals classified by Scopus as Engineering or Energy, followed by Computer Science, Mathematics, Business, Management & Accounting and Economics, Econometrics & Finance. It is also interesting to see which outlets are the most popular for EPF articles.
