† The lectures will very closely follow my lecture notes. There are two other general textbooks available: Romer, which should be familiar and Blanchard and Fischer. The latter is harder but covers more material. The lecture notes combine the approaches of and adapt materials in both books.

Lecture Notes in Macroeconomics - University of Houston

IBM Notes does not support atomic transactions, and its file locking is rudimentary. IBM Notes is a document-oriented database (document-based, schema-less, loosely structured) with support for rich content and powerful indexing facilities. This structure closely mimics paper-based work flows that IBM Notes is typically used to automate.
