What is the difference between Customer Satisfaction and Customer Loyalty? First, we will define each term. Customer Satisfaction is a measurement of customer attitudes regarding products, services, and brands. Customer Loyalty on the other hand has two definitions. Customer Loyalty consists of loyalty behavior (also referred to as customer retention) which is the act of customers making repeat ...

Thanks, Rajashree, and welcome to Tyner Blain! We have a template for informal use cases: Informal Use Case Template. My clients usually already have templates of their own that they have developed (with boilerplate text and signoffs, etc), so I usually use those.

### **Sample Use Case Example | Tyner Blain**

As we have discussed in recent Snap Survey Software blog posts, taking customer satisfaction into serious consideration is a key factor in developing a successful, lasting business. If your company is not gathering customer feedback, you may be making strategic business decisions that are not in line with your customers' interests, which could have a negative effect on your business.
