In 1874 Wundt took up a professorship in Zurich, where he published his landmark textbook, *Grundzüge der physiologischen Psychologie* (Principles of Physiological Psychology, 1874). Moving to a more prestigious professorship in Leipzig in 1875, Wundt founded a laboratory specifically dedicated to original research in experimental psychology in 1879, the first laboratory of its kind in the world.

African-American history is the part of American history that looks at the history of African Americans or Black Americans in the United States.. Although previously marginalized, African-American history has gained ground in school and university curricula and received wider scholarly attention since the late 20th century. The black history that pre-dates the slave trade is rarely taught in ...

Pollution is not a new phenomenon. In fact, it is older than most people realize. Archeologists digging through sites of Upper Paleolithic settlements (settlements of the first modern humans, between forty thousand and ten thousand years ago) routinely find piles of discarded stone tools, and the litter from the making of these tools.

The study of the earliest periods in Islamic history is made difficult by a lack of sources. For example, the most important historiographical source for the origins of Islam is the work of al-Tabari. While al-Tabari was an excellent historian by the standards of his time and place, use of his work as a source is problematic for two reasons. For one, his style of historical writing permitted ...
