Gagne's book, The Conditions of Learning, first published in 1965, identified the mental conditions for learning. These were based on the information processing model of the mental events that occur when adults are presented with various stimuli. Gagne created a nine-step process called the events of instruction, which correlate to and address the conditions of learning.

1. Introduction. The failure by leading economists to incorporate banking in their economic theories has been identified as a significant and costly weakness (Werner, Richard A., 1997, Werner, Richard A., 2005, Kohn, Donald, 2009). Likewise, it has been pointed out that the macro-economic feedback of banking activity had been neglected in finance research (Werner, 2012).
