Created or evolved? Where do we come from? Find your answer to the vital creation vs evolution question The peppered moth (*Biston betularia*, in its light and dark forms) is often paraded as evidence for evolution, whereas it actually isn't. See: The moth files. Minor variation within a species of moth does nothing to explain the origin of the moth or how (for example) a worm could change into ...

Embryonic stem cell research is a hot topic that seems to pit anti-abortion conservatives against pro-abortion liberals. The conservatives claim that there are better alternatives to embryonic stem cells, while the liberals claim that conservatives are blocking research that will provide cures to many tragic diseases.
