JSTOR is a digital library of academic journals, books, and primary sources.

JSTOR: Viewing Subject: Political Science

We study the link between political transitions and land reform enactments for countries' independent periods. The Polity2 scores are available to compute political transitions for 158 countries. Of the 372 land enactments we code, 350 occurred in countries' independent periods and 332 have an associated Polity2 score in the country-year row. Table 1 provides summary statistics of the key data ...

When employing the social sciences, it is important to recognize that there are established bodies of social theory on all of the topics presented in Fig. 1 that cannot be ignored. Different disciplinary traditions have topical strengths – for example, anthropology is to culture what political science is to governance – and it behooves researchers to draw on these traditions when designing ...

This is a very similar breakdown to what I teach my students, but I think you've missed an important principle: iteration. An analysis never flows smoothly from collection to conclusions - you will often repeat many parts, discovering problems with your data when you model it, thinking of better models after you've looked at residuals, ...
