BEST ANSWER: Although the product description does not say "meal replacement," I believe that it is implied with phrases such as, "On Non-Training Days & Between Meals" and "can be consumed first thing in the morning." But, maybe I'm reading too much into those statements. Either way, due to the high protein and low sugar, to me it is well suited for a meal replacement especially when blended ...

AMP Wheybold Ripped Protein with Caffeine, & L-Carnitine ...

How much protein do you need per day? As with most things in nutrition, there's no simple answer. Your individual needs will depend on your health, body composition, main goal, and level of physical activity (type, intensity, and duration).

And The Winner Is... I really liked the Herbalife product simply because I feel like although a blend of BCAAs and protein may be good for those who are heavily into training, this choice is not too intense. The simple formula is good for anyone looking for a way to add protein into their teens diet. Plus the fact that it is fat free and can be added to food like soup rather than solely as a ...

Why study proteins; The value of protein purification; The Logic of Protein Purification. Assays; Sources. The strategy and logic of protein purification

Studying Proteins and Protein Purification

The answer may lie partly in the metabolite changes in skeletal muscle during contraction. Of primary importance for this review are the changes in intramuscular AMP levels, glycogen stores and fatty acid flux (). AMP is a product of the adenylate kinase reaction which works to maintain the ATP:ADP ratio by converting two ADP molecules to one ATP and one AMP molecule .
