Earth Science, 11e - Pearson Education

1.4 Earth System Science Earth system science aims to understand Earth as a system made up of interacting parts, or subsystems. A system can be any size group of interacting parts that form a complex whole. • In a closed system, matter does not enter or leave the system. • In an open system, energy and matter flow into and out of the system.

Earth science is highly visual, so art and photographs play a critical role in a textbook. As in previous editions, Dennis Tasa, a gifted artist and respected Earth science illustrator, has worked closely with us to plan and produce the diagrams, maps, graphs, and sketches that are so basic to student understanding.
