Well, the Algebra regents are tomorrow and the Earth Science one (writted part, already did the lab practical) is the day after it!!!! I've done tons and tons of practice algebra tests from every single one of the tests dating all of the way back to 2005. For the Earth Science one, I got a sheet of paper from my teacher about the top 105 topics to think about/remember for that test.

What is on the NYS Earth Science Lab Practical? My teacher is pretty bad at informing our entire class. We just found out today, the day before it we had it tomorrow. We've barely done any review at all and I honestly have no idea what I'm going into tomorrow. What's on it so I know what to study? Anything else I should know for it? Thank you.
