An international network of radio telescopes has produced the first-ever close-up image of a black hole's shadow, which scientists revealed this morning (April 10). The collaboration, called the Event Horizon Telescope, confirmed decades of predictions of how light would behave around these dark objects, and set the stage for a new era of black hole astronomy.

3 Huge Questions the Black Hole Image Didn't Answer

Minds on Physics Internet Modules What are the Minds on Physics Internet Modules? The Minds On Physics Internet Modules (affectionately known as Minds on Physics or MOP) consists of more than 1300 carefully-crafted questions designed to improve student conceptions of common physics topics. Minds On Physics is 135 challenging assignments, each of which address one or two student learning outcomes.
