The kids asked other kids to play! A special education teacher shared a story with me about the Watch Me Learn video and the exciting result! During a period of down time, a small classroom of children went into an adjoining classroom and initiated a "ring around the rosy" game with the other class.

According to Sternberg, a complete explanation of intelligence entails the interaction of these three subtheories. The componential subtheory specifies the potential set of mental processes that underlies behavior (i.e., how the behavior is generated) while the contextual subtheory relates intelligence to the external world in terms of what behaviors are intelligent and where.
