Of main interests to us is the use of mining as a part of in-situ resource utilization, that is: making it easier to industrialize and colonize space by removing the need to pay the sky-high delta-V cost of lugging raw materials up Terra's gravity well.. But in the early stages, asteroid mining start-ups cannot be established to provide minerals to space industrialization because there won't ...

John Berger became a writer you might find on television because of Ways of Seeing, the 1972 BBC series that became a short and very famous book. The show presented observations now common to pop-culture reviews—publicity “proposes to each of us that we transform ourselves, or our lives, by buying something more”—in a place (a box!) that rarely admitted critique beyond yea or nay.
