SQL, Database, SQL Queries Interview Questions and Answers

We do data normalization when seeking for relations. Some people do this methods, unfortunately, in experimental designs, which is not correct except if the variable is a transformed one, and all ...

When and why do we need data normalization? - ResearchGate

20 Questions to Detect Fake Data Scientists has been very popular - most viewed in the month of January. However these questions were lacking answers, so KDnuggets Editors got together and wrote the answers to these questions. I also added one more critical question - number 21, which was omitted ...

21 Must-Know Data Science Interview Questions and Answers

Functional dependency (FD) is a set of constraints between two attributes in a relation. Functional dependency says that if two tuples have same values for attributes A1, A2,..., An, then those two tuples must have to have same values for attributes B1, B2, ..., Bn. Functional dependency is ...

DBMS - Normalization - Tutorials Point

In 1994 I published the first edition of Questions and Answers in Magnetic Resonance Imaging, a collection of notes on MR physics I had distributed to residents and fellows during viewbox teaching over the years. Jonathan Burdette helped me update this material and our second edition appeared in 2001. These books were big hits in the radiology community, and I still take pride how many people ...

Top 90 SQL Interview Questions and Answers (LATEST)

The American College of Radiology has defined four safety zones within MRI facilities. These are denoted Zones I through IV and correspond to levels of increasing magnetic field exposure (and hence potential safety concern).

ACR safety zones - Questions and Answers in MRI

I have a dataset called spam which contains 58 columns and approximately 3500 rows of data related to spam messages.. I plan on running some linear regression on this dataset in the future, but I'd like to do some pre-processing beforehand and standardize the columns to have zero mean and unit variance.

normalization - Standardize data columns in R - Stack Overflow

Introduction Over the years I, like many of you, have had the experience of taking over responsibility for an existing application and its associated schema (sometimes frustratingly woven together as part of a Microsoft Access solution). The most challenging of these to maintain and rework suffer from what one author described as the Spreadsheet Syndrome: ...

An Introduction to Database Normalization — Mike Hillyer's ...

A Database Management System (DBMS) is a program that controls creation, maintenance and use of a database. DBMS can be termed as File Manager that manages data in a database rather than saving it in file systems. 2. What is RDBMS? RDBMS stands for Relational Database Management System. RDBMS store ...
