Almost half of the problems have full, detailed solutions in the text, and the rest have full solutions in the accompanying Solutions Manual. As with all of the books in Art of Problem Solving's Introduction and Intermediate series, Precalculus is structured to inspire the reader to explore and develop new ideas. Each section starts with ...

### **Precalculus Textbook - Problem solving**

story problems force you to connect many steps in the solution process. You are no longer given a list of formulas to work using memorized steps. So, in the end, the story problem is a multi-step process such that the "A-Ha!" comes only after lots of intense effort. All of this means you have to spend time working on story problems.
