Alberta premier-elect Jason Kenney insists he is taking climate change seriously but his party's election platform suggests otherwise.

### **Opinion | Ottawa has climate-change questions, does Kenney ...**

Climate change denial, or global warming denial, is part of the global warming controversy. It involves denial, dismissal, or unwarranted doubt that contradicts the scientific opinion on climate change, including the extent to which it is caused by humans, its impacts on nature and human society, or the potential of adaptation to global warming by human actions.
