Backward design is a method of designing educational curriculum by setting goals before choosing instructional methods and forms of assessment. Backward design of curriculum typically involves three stages: Identify the results desired (big ideas and skills) What should the students know, understand, and be able to do?

Backward design - Wikipedia

Question: "What is the significance of Jacob's well?" Answer: Jacob's well is only mentioned in John's Gospel, so biblical information about it is quite limited. However, tradition and archaeology provide more detail about the well's original owner and its location.
