The power-interest grid: specific, unique and significant stakeholders. Mitchell et al. have noted that working with a considerable number of stakeholders can be 'bewilderingly complex for managers' (p. 857). Among many stakeholder management researchers, Freeman has identified the dimensions of power and interest as being significant, and suggested the use of a 'Power-Interest Grid ...

Description. After literature and policy review, staff members discussed the effect of blood culture contamination. Emphasis was placed on hand washing and following the steps exactly as prescribed in the blood culture collection policy (no omissions or shortcuts), treating the procedure as a "sterile procedure" with emphasis on setup and masking for the procedure, and follow-up with every ...

The stereographic projection was known to Hipparchus, Ptolemy and probably earlier to the Egyptians. It was originally known as the planisphere projection. Planisphaerium by Ptolemy is the oldest surviving document that describes it. One of its most important uses was the representation of celestial charts. The term planisphere is still used to refer to such charts.

Handouts, questionnaires and other leaflets. In my 'consulting room' I have two big magazine style racks on the wall (see below). Each rack has eleven compartments, and each compartment contains 10 to 20 different A4 sheets of questionnaires, information leaflets, Powerpoint miniatures, and other handouts (300 to 400 items in all).
