A change in the genetic information code is merely known as genetics. Since everyone's DNA is different, changes simply distinguish one person's DNA from another.

Changes in DNA affects genetic information are known as?

Before undergoing a digital transformation, leaders in shared-services organizations should ask themselves a few core questions relating to their current and desired states of operation, their existing talent pool and other resources, and the parent organization's top-level support for a change.

How shared-services organizations can prepare for a ...

Moving to an "active parent" model. Previously, NewYork-Presbyterian managed its relationships with community hospitals as a "passive parent." The community hospitals operated fairly independently, although the boards included staff from NewYork-Presbyterian, says Phyllis Lantos, executive vice president, CFO, and treasurer, NewYork-Presbyterian.

New Structures, New Roles for the Future of Health Care

Canadian Imperial Bank of Commerce undertook a long journey to become the winner of the Large Private Sector category of the IT World Canada Digital Transformation Awards announced on Wednesday. Three years ago, when the company made the decision to reposition itself as a digital transformation leader, sales from digital channels made up just two per cent of its revenues.
