The question-answer relationship (QAR) strategy helps students understand the different types of questions. By learning that the answers to some questions are "Right There" in the text, that some answers require a reader to "Think and Search," and that some answers can only be answered "On My Own," students recognize that they must first consider the question before developing

Welcome to the Question and Answer Forum, in which you may ask specific questions, or suggest answers to questions posted by others, about particular points of parliamentary procedure.

RONR Question & Answer Forum: Introduction

Question answering (QA) is a computer science discipline within the fields of information retrieval and natural language processing (NLP), which is concerned with building systems that automatically answer questions posed by humans in a natural language.

Question answering - Wikipedia

What's The Culture Code about? It's about the science of successful groups: how to build cohesive, high-performing culture. Why did you write it? Basically, I got obsessed with a mystery. While writing The Talent Code, which is about individual performers, I kept bumping into these amazing groups: championship sports teams, successful businesses, super-achieving schools.

Question and Answer - Daniel Coyle

A question is an utterance which typically functions as a request for information. Questions can thus be understood as a kind of illocutionary act in the field of pragmatics or as special kinds of propositions in frameworks of formal semantics such as alternative semantics or inquisitive semantics. The information requested is expected to be provided in the form of an answer.

There are 1,000 prophecies in the Bible so it's natural to wonder, have any prophecies been fulfilled? Do they really explain the future? Can we really know what will happen at the end of time? In succinct and clear answers to most frequently asked questions, Dr. Jeremiah decodes and clarifies prophecy for the average person. He explains in simple lay terms what could otherwise be mysterious ...
