The direct method of teaching, which is sometimes called the natural method, and is often (but not exclusively) used in teaching foreign languages, refrains from using the learners' native language and uses only the target language. It was established in England around 1900 and contrasts with the grammar-translation method & Bilingual method of teaching and other traditional approaches, as ...

Direct method (education) - Wikipedia

Methodology. In the late 1800s and most of the 1900s, language teaching was usually conceived in terms of method. In seeking to improve teaching practices, teachers and researchers would typically try to find out which method was the most effective. However, method is an ambiguous concept in language teaching, and has been used in many different ways. . According to Bell, this variety in use ...
