This week we were focusing on problem and solution, and my students really seemed to "get" it, so I'm excited to share our anchor charts, book ideas and activities that we used! Here is the anchor chart that I created to help my students understand what problem and solution mean.

### **What's Your Problem? Teaching Problem and Solution**

When we read it is important to think about the problem and solution in a story. A problem is an issue that needs to be solved and the solution is how the problem is solved. For example, if I locked my keys in the car that would be a problem because I need to drive to work. One solution to that problem is to call a locksmith and have my car unlocked.

### **Fifth grade Lesson in Reading Plot Structure: Problem ...**

Problem and solution is very closely related to cause and effect, but the big difference is the solution. This is something I'll write on the slide and I'll expect the kids to write it in their notes. When I get to the slide with the problem and solution paragraph, I'll ask students to read it and find the problem and solution.
