WOA! World Population Awareness is a non-profit web publication seeking to inform people about overpopulation, unsustainability, and overconsumption; the impacts, including depletion of natural resources, water, oil, soil, fertilizers, species loss, malnutrition, poverty, displacement of people, conflict; and what can be done about it: women's advancement, education, reproductive health care ...

**WOA!**

World Population Growth - Solutions to Overpopulation article. So, should we be cold, calculating statisticians who see that a high number of deaths from a natural disaster or, say, the one million people who die each year from malaria don't matter because we've got so many new humans coming down the population-growth conveyor belt anyway?

**World Population Growth - Solutions to Overpopulation**

Solutions to keeping the human population in check have to be easily applicable at the grass-root level. Initiating a third World War or nuking the most populous cities in the world just to contain the population growth, for example, are methods best left to the Lex Luthors and the Victor von Dooms of this world.

**4 Practical Solutions to Overpopulation That Everyone Ignores**

Education will also help people understand the problems of overpopulation and those associated with bringing up children as well. Hence, one of the best overpopulation solutions is to provide good basic education to all the people in the country, so that they may learn the ills of overpopulation and exercise restraint.

An overview of human overpopulation including what it is, the causes, effects, problems associated with it and potential solutions

#### **Human Overpopulation: Causes, Effects, Problems & Solutions**

Lack of Water. Overpopulation creates greater demand on the world's freshwater supplies. As only roughly 1% of the world's water is fresh and accessible, this creates a major issue.. Some estimates state that human demand for fresh water will stand at approximately 70% of what is available on the planet by 2025. This will place those living in impoverished areas that already have limited ...
