Mathmaster.org - Create math worksheets for free

Learn about expressions with rational exponents like $x^{(2/3)}$, about radical expressions like $\sqrt{(2t^5)}$, and about the relationship between these two forms of representation. Learn how to evaluate and simplify such expressions.

Rational exponents & radicals | Algebra I | Math | Khan ...

As you can see, simplifying radicals that contain variables works exactly the same way as

simplifying radicals that contain only numbers. We factor, find things that are squares (or, which is the same thing, find factors that occur in pairs), and then we pull out one copy of whatever was squared (or of whatever we'd found a pair of).

Simplifying / Multiplying Radicals | Purplemath

Surface Area - Triangular Prisms During this assessment students must know: How to find the surface area when the triangular prism is shown as a net. How to find the surface area when the prism is in its 3D form. Find the lateral area of triangular prisms. That multiplying the perimeter of a triangular face by the prism's height will yield the lateral area.
