Concept Analysis/Elaboration Graphic Organizer: Students with organizational impairment often fail to elaborate their descriptions (and their underlying concepts) of objects and activities, or in other cases, elaborate in a disorganized manner with associations that are at best tangential. The components of a well elaborated description or analysis of an object can be graphically represented

A story map is a strategy that uses a graphic organizer to help students learn the elements of a book or story. By identifying story characters, plot, setting, problem and solution, students read carefully to learn the details. There are many different types of story map graphic organizers. The most basic focus on the beginning, middle, and end of the story.
