Students who complete all lessons and assignments may earn the equivalent of at least .5 academic credit. If the student goes deeper and reads additional earth science resources and spends approximately 180 hours total on the class and extra material combined, the course may be worth one full academic credit.

Homeschool Earth Science Curriculum - Schoolhouse Teachers

Natural theology, once also termed physico-theology, is a type of theology that provides arguments for the existence of God based on reason and ordinary experience of nature.. This distinguishes it from revealed theology, which is based on scripture and/or religious experiences, and from transcendental theology, which is based on a priori reasoning. It is thus a type of philosophy, with the ...
