Stephen Fisher Entry year: 1971 Various offences stretched over 5 painful years. First time wasn't that bad. I soon found out the more you went the worse it got. I think the worst was when I got caught for wagging for 2 weeks and he brought my dad in. The evil get was already hitting me before my dad had got out of the secretaries office next door.

Causality (also referred to as causation, or cause and effect) is efficacy, by which one process or state, a cause, contributes to the production of another process or state, an effect, where the cause is partly responsible for the effect, and the effect is partly dependent on the cause. In general, a process has many causes, which are also said to be causal factors for it, and all lie in its ...
