Some programs keep important files in there, surprisingly. If you are interested in freeing some space I'd advise to only delete the files excluding those that were created in the last 24h or so, or the ones you know for sure aren't used by other programs, such as old installers from software you downloaded, etc.

There are two ways that natural and man-made things can use rotation to move around. One way is for the entire thing to roll. The other way is for part of the thing to turn while the rest does not, like a wheel or a propeller. Some living things move around by rolling, but no living things seem to use wheels.

I believe Peridot was abused by someone, most likely Yellow Diamond. In "Catch and Release", Peridot was panicking nearly the first few minutes of the episode on how she wasn't supposed to be stuck on Earth, and only check up on The Cluster "In and out, until it hatched." She wasn't planning on staying on Earth, and came to Steven as a last resort.
