Inquiry-based learning (also enquiry-based learning in British English) is a form of active learning that starts by posing questions, problems or scenarios. It contrasts with traditional education, which generally relies on the teacher presenting facts and his or her knowledge about the subject. Inquiry-based Learning is often assisted by a facilitator rather than a lecturer.

Solution: We have to match only the lines that have a space between the list number and 'abc'. We can do that by using the expression `\d\\.s+abc` to match the number, the actual period (which must be escaped), one or more whitespace characters then the text.. If we had used the Kleene Star instead of the plus, we would also match the fourth line, which we actually want to skip.
