Rule 1. Use commas to separate words and word groups in a simple series of three or more items. Example: My estate goes to my husband, son, daughter-in-law, and nephew. Note: When the last comma in a series comes before and or or (after daughter-in-law in the above example), it is known as the Oxford comma. Most newspapers and magazines drop the Oxford comma in a simple series, apparently ...

English land law is the law of real property in England and Wales. Because of its heavy historical and social significance, land is usually seen as the most important part of English property law. Ownership of land has its roots in the Anglo-Saxon system of Bookland and in the Anglo-Saxon multiple estate, a feudal system transformed by William the Conqueror and his influx of many new chief ...

Dependent definition is - hanging down. How to use dependent in a sentence. Is it ever correct to use dependant instead of dependent?

Dependent | Definition of Dependent by Merriam-Webster

This was the worst outbreak of plague in England since the black death of 1348. London lost roughly 15% of its population. While 68,596 deaths were recorded in the city, the true number was probably over 100,000. Other parts of the country also suffered. The earliest cases of disease occurred in the ...

What is a "square meal?" What is a square meal? Excellent question with no simple answers. There are two primary schools of thought: (1) Symbolic/metaphoric (a "square meal" is a substantial, satisfying repast) and (2) An actual scientific analysis proposed by a British physician in the 1920s. Shaped, to make it easier for people to understand, like a square.
