### **Massachusetts Tests for Educator Licensure (MTEL)**

Pearson's chi-squared test ( $\chi^2$ ) is a statistical test applied to sets of categorical data to evaluate how likely it is that any observed difference between the sets arose by chance. It is the most widely used of many chi-squared tests (e.g., Yates, likelihood ratio, portmanteau test in time series, etc.) – statistical procedures whose results are evaluated by reference to the chi-squared ...

In probability theory and statistics, the chi-squared distribution (also chi-square or  $\chi^2$ -distribution) with  $k$  degrees of freedom is the distribution of a sum of the squares of  $k$  independent standard normal random variables. The chi-squared distribution is a special case of the gamma distribution and is one of the most widely used probability distributions in inferential statistics, notably ...

Risk Responses. Risk management deals with the alignment of five potential responses with an identified risk: Acceptance: Recognizing a risk, identifying it, and then accepting that it is sufficiently unlikely or of such limited impact that corrective controls are not warranted. Risk acceptance must be a conscious choice, documented, approved by senior administration, and regularly reviewed.

1. Introduction. The building sector currently accounts for 20–40% of energy use worldwide (Pérez-Lombard et al., 2008), thus representing an excellent opportunity to achieve large scale energy reductions. Although the introduction of sustainable buildings, built to standards such as the Leadership in Energy and Environmental Design (LEED) promised to decrease conventional buildings ...

1. Awful Weather - Since early April, which was when we made "The Truth" T2 and T3 comparisons (see above), the atrocious weather, which has arrived much earlier than normal, has made listening sessions, serious or even just for fun, almost impossible (and even dangerous) to conduct. It has been storms and power outages almost every day. Accordingly, I haven't been able to even further break ...
