Glow Images, Inc / Getty Images One of the first decisions you have to make when setting up your bookkeeping system is whether or not to use a cash or accrual accounting system. If you are operating a small, one-person business from home or even a larger consulting practice from a one-person office, you might want to stick with cash accounting.

A Beginner's Tutorial to Bookkeeping - thebalancesmb.com

Sometimes students treat an equation like a black box. You plug in the numbers and – hey presto! – out comes the answer. But if you're going for a top grade, you need to think carefully about the meaning of the equation and how its variables are related to one another.
