For several decades, Career and Technical Education (CTE) has been evolving. No longer offering only traditional vocational education, CTE now offers a diverse range of subjects and career fields, including a number of science, technology, engineering, and mathematics (STEM) subjects.In addition, the distinction between CTE and academic programs is slowly disintegrating as integrating academic ...

Career Technical Education (CTE)

A computer network is a digital telecommunications network which allows nodes to share resources. In computer networks, computing devices exchange data with each other using connections between nodes. These data links are established over cable media such as wires or optic cables, or wireless media such as Wi-Fi. Network computer devices that originate, route and terminate the data are called ...
