Ok, to answer my own comment, manually running a search both with and without the base dn replicates the problem. If I search with base="", no results are returned (can't find the user in LDAP), but when I specify the base dn manually (base="dc=example,dc=com") it works fine. Note I didn't get smbpasswd working yet, but I think I've identified a problem.

Space colonization (also called space settlement, or extraterrestrial colonization) is permanent human habitation off the planet Earth.. Many arguments have been made for and against space colonization. The two most common in favor of colonization are survival of human civilization and the biosphere in the event of a planetary-scale disaster (natural or man-made), and the availability of ...
