History. In July 1993 the Institute of Directors in South Africa asked retired Supreme Court of South Africa judge Mervyn E. King to chair a committee on corporate governance. He viewed this as an opportunity to educate the newly democratic South African public on the working of a free economy. The committee's report was to be the first report of its kind in South Africa.

This article examines corporate debt values and capital structure in a unified analytical framework. It derives closed-form results for the value of long-term risky debt and yield spreads, and for optimal capital structure, when firm asset value follows a diffusion process with constant volatility. Debt values and optimal leverage are explicitly linked to firm risk, taxes, bankruptcy costs ...
