We're committed to Next Generation Science Standards and STEM. Ours is a mission that supports science inquiry, evidence-based reasoning, and the sense of wonder that propels all learning.

Pearson Science Curriculums and Textbooks

Processes driven by heat from Earth's interior are responsible for forming both igneous and metamorphic rocks. Weathering and the movement of weathered materials are external processes powered by energy from the sun and by gravity. Processes on and near Earth's surface produce sedimentary rocks. 3.2 Igneous Rocks
