Augmented Analytics for All. Great analytics helps you uncover solutions to your business challenges. When analytics is incorporated as a fundamental component of your ongoing business strategy, everyone in your organization is empowered to understand what happened, why it happened, and leverage that data to predict what will happen next.

**Business Analytics - Overview | Oracle**

Enterprise Performance Management (EPM) software helps you analyze, understand, and report on your business. EPM refers to the processes designed to help organizations plan, budget, forecast, and report on business performance as well as consolidate and finalize financial results (often referred to as “closing the books”). EPM solutions are primarily used by CFOs and the office of finance ...

**SOLUTION:** In the ESSBASE.CFG file add or modify the parameter for the SSPROCROWLIMIT to be a value greater than the maximum rows being requested. You must restart the Essbase server for the new setting to take effect. In our example the user has the setting currently at 500,000 rows and the Smart View query was trying to return 502,615 rows.

**Essbase Error (1020051): Maximum number of rows processed ...**
